

SPORTS GRANT

What is Sports Funding?

Following the success of the 2012 Olympics the Government has paid sports grants directly to school to ensure that the legacy of the games is not forgotten. To ensure that this has an impact on the quality of sports provision in school, the funding must provide quality sports coaching or delivery of training for teachers and teaching assistants. Sports equipment may be purchased if it is facilitating quality learning to take place.

SWIMMING

Children would normally have undertaken at least 4 terms of lessons using professional swimming coaches by the time they reach Year 6. However due to the covid restrictions and school closures this would not be achieved without change. We have therefore planned from 2022/2023 for KS2 children to receive 12 weeks lessons per year in order to provide them THE opportunity to meet the National Curriculum standards by Year 6.

All 10 pupils in Year 6 can swim, 90% are able to swim 25 metres.
